# LES CINQ PATTES CN BLANC - 2021

BORDEAUX BLANC AOC

" DELICIOUSLY DIFFERENT "

## OVERVIEW

Gentle as a lamb? Definitely not! And no follower of the flock either. Short for "mouton à cinq pattes" or five-legged sheep in French, in English you would say that Les Cinq Pattes are something of rare bird. Their different but delicious style is something we have cultivated over the last 40 years. For four decades, our teams have worked committedly with vineyards in the heart of Bordeaux. This hands-on expertise, acquired vintage after vintage, is what enables us to deliver authentic Bordeaux wines. Our rigorous selection of grape varieties – that we harvest and ferment separately – allows us to achieve first-rate blends from only perfectly ripe grapes. Rich and fruity at the same time, these highly drinkable wines fit every occasion. Les Cinq Pattes, the wine that makes ordinary occasions special in two shakes of a lamb's tail.

## VINEYARD

**Soil :** Chalky-clay and sandy-clay.

**Location :** The selected grape varieties of Sauvignon blanc, Sémillon and Muscadelle, come from vineyards located in the North of the Gironde, between the Dordogne and the Garonne rivers. The main features of these soil areas is the high capacity of getting and keeping rainwater and sun's heat, making them ideal for vines. Moreover this region enjoys a sunny and scarce rain climate.

## MAKING PROCESS

Partial skin-maceration. Low-temperature fermentation. Ageing on thin lees.

## TASTING NOTE

The wine displays beautiful bright colour with green highlights. The bouquet expresses fine and fruity aromas, reminding scents of peach and exotic fruits. Pleasant freshness on the palate and good liveliness in the finish.

**AGEING POTENTIAL :** Less than 3 years

## Awards / Characteristics

70 MILLIONS DEGUSTATEURS : MO - 93/100
