CH VIEUX MANOIR VGN - 2020

BORDEAUX ROUGE AOC

OVERVIEW

In the heart of Targon, 35 km South-East of Bordeaux, majestically stands the superb building of Château Vieux Manoir. Its construction dates back to the 11th century and shows the passing of several Bordeaux aristocratic families, who helped to shape and write the area's history over the centuries. 16th century mansion, the Chateau was bought in 1989, the Ballande family fell under the spell of the estate and took it over with the ambition of restoring its former prestige. The rebuilding of the vineyard and the château began in 1990, done with great respect for its original character and authenticity.
